

VTF EXCAVATION

WETLAND EARTHWORK Services

Wetlands, Lagoons and Sitework

Wetland construction and restoration has been a rewarding component of VTF's projects for more than 15 years. Through ongoing education and training, our team takes a detailed approach to each wetland project to create the best results for every ecosystem.

Experience with:

- ✓ Soil and water wetlands
- ✓ State/Federal wetlands
- ✓ 3D modeling surveys
- ✓ H2O program wetlands
- ✓ Littoral wetlands
- ✓ Stream redirection
- ✓ Rock berm wetlands
- ✓ Design assistance

Service for

Municipal

Agriculture
